Coddlelife Laboratory Grade Borosilicate Glass Bottle and Polypropylene Bottle Featuring Latest Venting Technology are Inducted in The Toy Man® Product Guide 2009

South Pasadena, CA – Coddlelife is excited to announce that their new Laboratory Grade Borosilicate Glass Bottle and Polypropylene Bottle Featuring Latest Venting Technology receive the prestigious *Toy Man® Seal of Approval*. “We feel very honored to be inducted, because this special seal tells buyers and consumers that our products have passed their tough evaluation guidelines and “*have what it takes*” to meet highest standards,” says the spoke person of Coddle Inc. Coddlelife products receive more than one of the prestigious awards from the Toy Man® Product Guide, and they take pride in their company and the products for this tremendous accomplishment. A very limited few are able to achieve the highly coveted honor of being a recipient of Toy Man® Product Guide awards.

Coddlelife Laboratory Grade Borosilicate Glass Bottle receives a 5-star rating and the following awards from the Toy Man® Product Guide 2009:

- The Toy Man® Seal of Approval
- The Toy Man® *eco*-Recognition Seal™
- The Toy Man® Award of Excellence
- The Toy Man® *e*Choice™ Award

Coddlelife Polypropylene Bottle Featuring Latest Venting Technology receives a 5-star rating and the following awards from the Toy Man® Product Guide 2009:

- The Toy Man® Seal of Approval
- The Toy Man® *e*Choice™ Award

About Toy Man® Product Guide Awards

Since 1971, The Toy Man® Product Guide has provided an exclusive, credible, and unbiased method of giving recognition to products which “*have what it takes*™” to receive The Toy Man® Seal of Approval. This seal demonstrates to consumers that they are buying a product which has been evaluated by the highest level of qualified industry specialists who are independent of our publication, and the evaluation of our own in-house staff. To round it all off, the product has also been through “*spontaneous consumer hands-on evaluation*” at a local school, supermarket, shopping mall, or other public facility. With the strict and highly defined

guidelines which are used in their exclusive evaluation process, The Toy Man® reviews represent accurate and unbiased no-fee product evaluation.

SEAL OF APPROVAL

eco-Recognition Seal™
